## OUR STORY

*Chef and owner Morty Parsa first opened the doors to Kasra in 1999. Since the beginning, he has upheld an important standard to, "serve the most authentic Persian food with the best quality ingredients."*

*Chef Morty follows in the footsteps of three generations of restaurateurs. A source of pride, his family's acclaimed restaurant still stands today in one of the oldest and most historical parts of Tehran. Being immersed in the restaurant business from such a young age, Morty learned the quintessential care it takes to operate a restaurant.*

*Today, Morty is beyond grateful for the confidence and education his father bestowed upon him, allowing him to bring the pride of Persian food to Houston. It is with honor and grace to serve our amazing customers that have supported us from the beginning and the new customers that continue to inspire us.*

*The Afshar-Parsa family welcomes you to Kasra.*

*Mr. Parsa (Morty's father)*
